Re: Cedar Chemical Corporation Superfund Site, West Helena, Phillips
County, Arkansas, SSID No. 06NH

Dear Mr. Banipal:

I represent Oregon-California Chemicals, Inc., and have received a copy of your letter of September 20, 2012, regarding Cedar Chemical Corporation Superfund Site. Oregon-California Chemicals, Inc., was dissolved sometime in the 1980's. It is my understanding that the company known as Tessenderlo Kerley, Inc. (TKI) took over the metam sodium business sometime in the late 1990's. Therefore, I believe your inquiry should be directed to them. The address of TKI, according to the information we have, is as follows:

Tessenderlo Kerley, Inc.
PO Box 15627
Phoenix, AZ 85060

According to their Website, the physical address is:

Tessenderlo Kerley, Inc.
2255 N 44th Street #300
Phoenix, AZ 85008

9339685

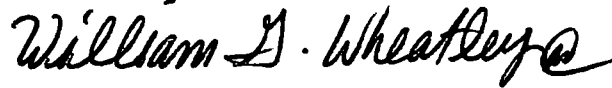

Jaqua & Wheatley, LLC

On September 24, 2012, I responded to Lance Nixon with this same information. I have enclosed a copy of that letter for your files.

If you have any further questions, please let me know.

Sincerely yours,

A handwritten signature in black ink that reads "William G. Wheatley" followed by a stylized flourish.
